

Leadership Off-Site

We have exclusive, private properties on safari in South Africa, in the north woods of Phillips, Wisconsin, in the Midwest outside St. Louis, Missouri, and in the mountains of Aspen, Colorado to host your senior leadership team. These are turn-key sites that include transportation, personal chefs, lodging that the finest hotels would be envious of, and event spaces with connection technology to get business done.

In addition to your standard leadership off-site agenda items of business updates, celebration of successes and planning the way forward, we will bring your team through custom-built leadership curriculum. This shared experience will bring about great team cohesion and strengthen the relationships through which work gets done.

We believe that where we work can be the most powerful force for good in our societies today.

In order to bring that world to life, the Barry-Wehmiller Leadership Institute (BWLI) partners with organizations to deliver customized training and events, assessments, consulting services - and everything in between. We build on and transfer the learnings of our parent company, Barry-Wehmiller, to yours. Barry-Wehmiller is a private company that was started in 1885. Today the organization is comprised of over 100 acquisitions and 12,000 team members around the world in manufacturing, engineering and IT consulting, and professional services. We design and build the machines that make most of the products you use every day. And we've been very successful at it. Since our first acquisition in 1987, Barry-Wehmiller's annual revenue has increased 18%. As a result of the attention from external organizations on how we build and develop culture for business and people success, and based on our overriding purpose of "measuring success by the way we touch the lives of people," we formed BWLI.

With head offices in St. Louis and Cape Town, BWLI is working around the world with public and private companies, large and small, in union and non-union environments. Our methodology and content is straightforward, respectful and usable for leaders at all levels in an organization. Our clients and work include senior leader training for the world's largest airline; purpose and engagement efforts for a top-tier NFL team; multilevel leadership, emotional intelligence and candor assessment efforts to a leading private retailer; focused listening sessions and organizational health assessment on one of the nation's largest construction projects (\$6B) for a major oil company; and senior sales leadership team-building for the world's largest wine producer.
